# Globino Group of Companies — A Leading in the Meat & Sausage Industry

Globino is a powerful company founded in 1998, and a leading producer of meat and sausage products in Ukraine.

Thanks to vertical integration, we fully control every stage of the process — from raw material procurement to delivering products to consumers across the country.

# Globino Group of Companies

## GLOBINO AGRO

cultivates 4,300 ha of land

## GLOBINO TRADING HOUSE

logistics and distribution

## DAIRY & CHEESE PLANT

over 120 tons of milk processed per day

## PIG FARM

over 371,000 pigs

## MEAT & DAIRY PROCUREMENT UNIT

Meat and milk procurement

## MEAT PROCESSING PLANT

produces over 1,300 tons of meat and more than 3,000 tons of sausages produced monthly

1998

Founded the Globino Meat Processing Plant, starting with a small slaughterhouse (2 tons/day) and sausage production (1 ton/day)

2003

Became a shareholder of Globino Butter and Cheese Plant, producing premium butter and expanding to new markets

2005

Began construction of the Globino Pig Farming Complex.

2006

Launched hard cheese production (9 tons/day). First cheeses appeared in national retail chains.

2007

Joined by Globino Meat and Dairy Complex — raw material base for meat and dairy plants.

2022

Continued operations 24/7 despite the full-scale invasion — uniting teams, adapting, and ensuring uninterrupted nationwide supply

2020

Won Enterprise of the Year and Choice of the Country 2020. Rebranding and launch of flagship lines: Nyamski, Mortadelky, lactose-free butter. General sponsor of MasterChef and MasterChef Professionals.

2015

Awarded Best Enterprise of Ukraine 2015 for quality and stability.

2013

Established Globino Agro, cultivating 4,300 ha of land to supply internal production.

2024

New stage of innovation: launched ready-to-eat burgers and hot dogs and Yizi semi-finished products. Returned to national TV as general partner of “Super Mama”, featuring beloved Nyamski.

Today

Today — we keep moving forward.

# Trading House

Development of customized product portfolios tailored to client needs

Advanced in-house logistics system

Comprehensive client support and consultation during product development and launch

Next-day delivery of freshly produced goods nationwide

High-quality service and flexible, partnership-focused terms

# Meat processing plant

# The Globino Meat Processing Plant comprises

slaughtering, sausage, and delicacy production facilities  
an in-house laboratory  
compliant with international  
quality standards

# National Presence

Present in leading national and regional retail chains, HoReCa channels, and major gas station networks.

## Exports

Globino exports to 10 countries across Europe and Central Asia, including Georgia, Moldova, Azerbaijan, Finland, Uzbekistan, Kazakhstan, Bulgaria, Spain, Italy, and Cyprus.

# Snacks

Includes:

- Meat Slices — thinly sliced high-quality meat with rich flavor
- Mini Salami Sticks — compact and flavorful, perfect for on-the-go snacks
- Crispy Cheese Balls — a crunchy, savory snack made from real cheese
- Meat Chips — an innovative, high-protein alternative to traditional chips

A MODERN, DYNAMIC PRODUCT LINE FOR ACTIVE CONSUMERS WHO  
VALUE TASTE, CONVENIENCE, AND QUALITY
